CORE COMPETENCIES

- ELV Systems Design
- Electronic Security Systems
- CCTV Surveillance Design
- Access Control Systems (ACS)
- Video Management Systems (VMS)
- Techno-Commercial Presales
- Cost Estimation & BOQ Management
- Tendering / RFx Proposal Management
- Security Network Architecture
- IP Surveillance Infrastructure
- Solution Engineering & Design Consulting
- Vendor & OEM Management
- Bid Management / Proposal Strategy
- Integrated Security Solutions
- Infrastructure Project Estimation

EDUCATION

- Bachelor of Engineering (B.E.) – Electronics & Telecommunication (EXTC) | University of Mumbai | 01/2011
- Higher Secondary Certificate (H.S.C.) | Maharashtra State Board | 01/2007
- Secondary School Certificate (S.S.C.) | Maharashtra State Board | 01/2005

CERTIFICATIONS

- Genetec Design Consultant Certification

SOFT SKILLS

TUSHAR BANE

Presales Lead | ELV & Security Systems Design | Bid & Estimation Specialist

PROFILE SNAPSHOT

- Highly accomplished Security Systems Design & Presales Specialist with 13+ years of progressive experience in ELV, ICT, and integrated electronic security systems across airports, government institutions, correctional facilities, healthcare, oil & gas, and large-scale infrastructure projects.
- Demonstrated expertise in CCTV master planning, access control architecture, VMS design, intrusion detection, intercom systems, and IP-based security network infrastructure, with strong capabilities in FOV studies, control room planning, bandwidth/storage estimation, and end-to-end solution engineering.
- Proven track record in techno-commercial bid management, cost estimation, BOQ optimization, and proposal strategy development for high-value EPC, federal, and enterprise projects, consistently delivering competitive and technically compliant bid solutions.
- Extensive experience collaborating with OEMs, system integrators, consultants, and procurement stakeholders to architect optimized solutions leveraging platforms such as Genetec, Milestone, Hikvision, Axis, Honeywell, Bosch, HID, and Lenel.
- Recognized for driving strategic presales excellence and proposal leadership for marquee projects including LAX Airport, Denver Airport, AIIMS, ONGC, Navi Mumbai Metro, and multiple airport & government infrastructure programs, backed by strong stakeholder engagement and solution advisory capabilities.

CAREER TIMELINE

KEY HIGHLIGHTS

- Spearheaded end-to-end estimation and bid support for ELV / electronic security system projects, including solution design, quantity take-offs, tender and RFP review, technical compliance analysis, costing, and management approvals.
- Led solution architecture and OEM selection by evaluating project scope, specifications, and client requirements to propose technically compliant and cost-optimized ELV solutions.
- Delivered 50% improvement in bid turnaround time by streamlining techno-commercial estimation workflows, vendor coordination, and BOQ validation processes.
- Managed high-value bids ranging from USD 1 million to USD 5 million, primarily for US federal and critical infrastructure projects, ensuring competitive and technically robust proposals.
- Increased proposal participation bandwidth from approximately 1–2 bids per month to 2–3 bids per month, significantly improving business pipeline coverage.
- Reduced bid turnaround time significantly over 3 years, enabling faster response to RFPs and increased participation in strategic bidding opportunities.
- Successfully led the bid for MSC South – Midfield Satellite Concourse South Extension, LAX Airport, managing the project from pre-design tender stage to final submission and securing a USD 1.8 million order.
- Delivered a winning proposal for the San Luis Obispo Jail Security System (CCTV, ACS, PLC, and SCADA) project securing a USD 3 million contract.
- Supported multiple repeat and smaller-value project wins (USD 100K–200K) for ongoing ELV requirements at the LAX Airport region, strengthening client trust and recurring business.

WORK EXPERIENCE

Estimation Lead – ELV Systems | 01/2023 – Present | Birdi Systems Inc. | Mumbai

- Spearheaded **design consulting and techno-commercial estimation** for advanced electronic security and ELV systems.
- Engineered **high-value cost proposals and bid estimations** for large-scale infrastructure projects.
- Negotiated with suppliers and distributors to **optimize commercial pricing and enhance bid competitiveness**.
- Directed **proposal development and cost estimation** for ELV systems catering to **US Federal clients and airport infrastructure projects**.
- Architected **CCTV and Access Control System (ACS) solutions** for marquee clients including **LAX Airport, Denver Airport, Glendale Jail, San Luis Obispo Jail, and JAX Stadium**.

Presales Engineer | 05/2020 – 01/2023 | Sigma Byte Computers Pvt. Ltd.

- Developed **techno-commercial proposals and estimations** for enterprise-scale ELV deployments.
- Designed **integrated CCTV and ACS solutions** for infrastructure and residential developments.
- Conceptualized and configured **VMS architectures** leveraging platforms such as **Milestone and Genetec**.
- Engineered **surveillance solutions** using leading OEM ecosystems including **Axis, Hanwha, and Honeywell**.
- Designed **access control frameworks** using **HID, Honeywell, and IDCube** platforms.
- Delivered customized ELV security designs for key clients including **Adani Group and NTT**.

Proposal Engineer | 01/2018 – 03/2020 | Shapoorji Pallonji & Co. Pvt. Ltd. | Mumbai

- Led **proposal engineering and estimation** for large-scale **ELV, ICT, and AV infrastructure projects** across commercial and residential sectors.
- Evaluated and optimized **BOQs, schematics, and RFP-driven technical documentation** to improve cost efficiency and technical compliance.
- Owned **end-to-end costing, budgeting, and estimation** for complete ELV, ICT, and AV scopes.
- Formulated proposals for diverse systems including **FAS, PA, CCTV, ACS, LAN, and integrated security solutions**.
- Orchestrated **vendor and OEM engagement**, driving optimized technical-commercial offers from system integrators.
- Reviewed consultant designs against **DBR standards and RFP specifications**, ensuring design integrity and bid alignment.
- Delivered proposals for prestigious government projects including **AIIMS (Gorakhpur, Bathinda, Guwahati, Jammu), ONGC Kakinada, South Delhi Municipal Corporation HQ, and Agra Airport**.
- Executed ELV proposal engineering for **airport projects including Guwahati and Agra**.

Proposals Engineer | 06/2016 – 12/2017 | L&T Electrical and Automation

- Managed **design estimation and bid documentation** for telecom and infrastructure EPC projects.
- Drafted **technical and techno-commercial bid proposals** for large-scale project tenders.
- Designed presales solutions for **CCTV, ACS, LAN, and security networking systems**.
- Leveraged expertise across leading OEM platforms including **Bosch, Pelco, Axis, Samsung, Oxalis, and Honeywell**.
- Engineered **surveillance and security solutions** for oil & gas facilities and large infrastructure environments.
- Designed enterprise-grade **VMS ecosystems** using **Milestone, Bosch, and Pelco** platforms.
- Architected **access control solutions** using **Lenel, HID, Honeywell, and Bosch**.
- Designed **security LAN infrastructure**, including access and distribution switching using **Cisco CCW**.

Sr. Executive – Solution Design | 01/2014 – 05/2016 | Hikvision India Pvt. Ltd.

- Delivered **advanced CCTV surveillance network designs**, including infrastructure architecture and VMS integration.
- Engineered **storage, bandwidth, and capacity planning models** for large-scale surveillance deployments.
- Supported strategic presales initiatives through **technical solutioning and bid support** for key accounts.
- Designed **coverage studies, interconnectivity layouts, and surveillance topologies** for critical projects.
- Developed **BOQs, compliance documentation, and tender response artifacts** for project bids.
- Prepared comprehensive **end-to-end solution documents and technical proposals** for clients.
- Executed surveillance design for the **Navi Mumbai Metro Project**, including detailed coverage analysis.
- Led **ANPR camera integration with ARS systems** for city surveillance programs.
- Managed compliance documentation for the **DAICEC project**.

Assistant Network Engineer | 02/2012 – 01/2014 | Tulip Telecom Ltd.

- Supported **service provider MPLS-VPN network infrastructure operations and solutioning**.
- Developed strong expertise in **leased line and wireless connectivity solutions, including WiMAX networks**.

ACHIEVEMENT

- Received the prestigious **Outstanding Performer of the Year – 2022** award from **Sigma Byte Computers Pvt. Ltd.** for exemplary contributions and high-impact performance (08/2022).

PERSONAL DETAILS

- **Date of Birth:** 06th Jan 1990
- **Languages:** English, Hindi & Marathi
- **Address:** Mumbai, India
