AVP / Strategic Accounts | Enterprise Security Automation | Identity & ELV Solutions | Key Account Growth

EXECUTIVE SUMMARY

AVP-level Strategic Account & Business Development leader with 15+ years of experience driving enterprise security transformation across critical infrastructure, manufacturing, smart city deployments, and government projects. Proven expertise in building high-value accounts from scratch, generating pipeline, closing large enterprise deals, and delivering integrated solutions across CCTV surveillance, Access Control Systems (ACS), Facial Recognition, Biometrics, Visitor Management, Gate Automation, and ELV ecosystems. Highly skilled in consultative solution selling, CXO stakeholder engagement, RFP/BOQ ownership, AMC renewals, and escalation management. Strong track record of managing national teams and multi-site deployments with SLA governance.

CORE COMPETENCIES

- Strategic Account Management (Adani, Reliance, Vedanta, JSW & Large Enterprises)
- Enterprise Security Automation & ELV Integration
- Identity Management Solutions (Biometrics / Facial Recognition / IAM Ecosystems)
- Business Development, Lead Generation & Revenue Growth
- Consultative Selling, Solution Engineering & Pre-Sales Leadership
- RFP / RFQ / BOQ Preparation, Proposal Writing & Bid Management
- AMC Contract Acquisition, Renewal & SLA Governance
- Project Delivery, Escalation Handling & Stakeholder Management
- Vendor / OEM / Partner Management & Commercial Negotiations
- Smart City, Critical Infrastructure & Data Center Security Solutions

KEY ACHIEVEMENTS (HIGHLIGHTS)

- Generated and managed enterprise business pipeline and successfully delivered **■10–15 Cr revenue closures** across strategic accounts through consultative selling and solution positioning.
- Managed and expanded marquee accounts including **Adani Group** and **Reliance Group**, driving multi-vertical growth in Security Automation and ELV deployments.
- Successfully executed large-scale biometric deployments including **20,000+ devices** for Andhra Pradesh Government project delivery and nationwide support.
- Delivered **6,000+ biometric device deployments** across **500+ medical colleges** under Medical Council of India project.
- Led nationwide O&M; operations by managing a **90+ member engineering team**, ensuring SLA adherence and business continuity.
- Ensured **99.5% uptime** across Adani CCTV & Access Control infrastructure during tenure with Wipro.
- Led procurement and deployment expansion of **300+ surveillance units** under Adani Guwahati project.
- Strengthened long-term customer retention by driving AMC renewals, stakeholder governance, and escalation resolution for critical infrastructure sites.

PROFESSIONAL EXPERIENCE

MANTRA SOFTECH PVT. LTD. | Jun 2025 – Present

AVP – Strategic Accounts

- Owning strategic account management for key enterprise clients including **Adani Group** and **Reliance Group** across India.
- Driving business development from scratch to enterprise-level deployments for Security Identity Solutions and ELV systems.
- Generating and converting high-value opportunities with overall revenue closures of **■10–15 Cr** through solution consulting and strategic engagement.
- Managing lead generation, pipeline building, opportunity qualification, and closure planning in coordination with internal stakeholders.
- Leading consultative engagements with customer security leadership teams to align solutions with compliance, risk, and operational objectives.
- Owning BOQ/RFP responses, technical presentations, proposal submissions, and commercial negotiations for high-value opportunities.

- Coordinating OEMs, solution partners, and internal delivery teams to ensure solution feasibility and timely execution.
