PROFILE

Results-driven Project Execution and Service Delivery professional with 9+ years of experience managing Smart City, CCTV Surveillance, Digital Signage, and Infrastructure Operations projects across PAN India. Proven expertise in stakeholder coordination, cross-functional team management, SLA governance, vendor management, project documentation, escalation handling, and client communication.

Experienced in leading field operations, coordinating with government authorities, vendors, technical teams, and end-users to ensure seamless project execution and operational continuity. Skilled in project reporting, Power BI dashboards, Excel-based analytics, process improvement, and issue resolution within defined timelines.

Strong ability to manage multiple stakeholders, drive service delivery performance, maintain compliance documentation, and support large-scale infrastructure deployments and maintenance activities.

AREA OF EXPERTIES

Project & Operations Management: Project Planning & Execution, SLA & Performance Monitoring, Stakeholder Engagement, Customer (Govt. and Non-Govt.) & Vendor Management, Dashboard Reporting and Data Analysis, Documentation & Process Management, Team Leadership.

Digital & Technical Support: Digital Signage and Smart City Operations, Basic IT Troubleshooting, CCTV & Network Device Coordination, Remote Support Handling, Issue Escalation & Resolution Management.

Reporting & Tools: MS Excel (Dashboards, Pivot Tables, VLOOKUP), Power BI (Basic–Intermediate), MS Office Suite (Word, Outlook, PowerPoint and Copilot)

PROFESSIONAL EXPERIENCE

Associate Manager – Operations | Project Execution | Service Delivery
Polestar Consulting Pvt Ltd

Jan 2024 – Present

Projects:

- CIDCO Area Based CCTV Surveillance Smart city Project (Phase II)
- Digital Signage (CAPEX + OPEX) | TATA Motors – PAN India
- **Project Leadership:** Spearheaded the nationwide deployment of Centralized Content Management Solution (CMS) across 500+ TATA Motors showrooms, facilitating centralized content management and synchronized digital signage.
- **Team Coordination:** Managed and guided a cross-functional team of field engineers, ensuring timely installations and addressing on-site challenges effectively.
- **Stakeholder Engagement:** Acted as the primary liaison between regional TATA stakeholders and the implementation team, maintaining open communication channels and ensuring alignment on project objectives.
- **Data Management:** Compiled and verified comprehensive contact information and addresses for all TATA Motors showrooms, streamlining the deployment process. Maintained issue tracking sheets to monitor resolution timelines and SLA adherence.

- **Progress Monitoring:** Developed and maintained detailed reports using Microsoft Excel, Copilot and PowerPoint to track installation progress, project milestones, and maintenance activities, presenting weekly updates to stakeholders.
- **Post-Implementation Support:** Oversaw maintenance requests from showrooms, coordinating with engineers to provide prompt resolutions and uphold client satisfaction.
- **Technical Support:** Provided remote support to field engineers and showroom stakeholders for DMP connectivity and digital content display issues. Coordinated with technical teams to troubleshoot device connectivity, network and content synchronization problems.
- **Operations & Maintenance:** Managed operations and service delivery for Smart City infrastructure comprising 500+ CCTV cameras, VMS boards, Emergency Call Boxes, F41 devices, and Wi-Fi access points, ensuring SLA compliance across 39 operational parameters. Coordinated cross-functional field and support teams to ensure uninterrupted operations, preventive maintenance, and timely incident resolution across critical surveillance infrastructure.
- **Billing & Payments:** Prepared invoice pre-sheets for government clients and ensured timely payment collection. Achieved 100% collection rate without penalties, contributing to positive cash flow.
- **Stakeholder Management:** Acted as Single Point of Contact (SPOC) for government and non-government customers and key stakeholders, maintaining strong communication channels and ensuring requirements were addressed throughout project execution.
- **Team Leadership:** Directed a 30+ member field and helpdesk engineering team, ensuring uninterrupted operations and smooth functioning of 500+ Smart City devices across the region.

Senior Executive – Operations | Project Execution | Service Delivery
WIPRO LTD. Navi Mumbai.

Mar 2019 – Jan 2024

Project - CIDCO Area Based CCTV Surveillance Smart city Project (Phase II)

- **Project Planning & Execution:** Developed detailed project plans, monitored 39 SLAs, and collaborated with the Project Manager on monthly/annual budgets to optimize costs and maximize benefits. Presented project performance insights to senior management using Power BI.
- **Site Surveys, Design & Installation:** Conducted 200+ site surveys and prepared detailed technical reports and Smart CCTV infrastructure drawings for Smart City junctions, successfully installed and commissioned 100+ infrastructure across Navi Mumbai Phase II.
- **Operations & Maintenance:** Coordinated operations and maintenance activities for Smart City surveillance infrastructure including CCTV systems, VMS boards, Emergency Call Boxes, F41 devices, and Wi-Fi access points across multiple locations.
- **Team Leadership:** Managed a 30+ member field and helpdesk engineering team, ensuring smooth operations of 500+ Smart City devices across the region.
- **Billing & Payments:** Achieved 97% billing and payment collection efficiency, coordinating with finance for accurate margin calculations.
- **Documentation & Compliance:** Issued 500+ client communications (waivers, downtime requests, signoffs), and maintained complete project documentation to ensure compliance, transparency, and smooth project closure.
- **Procurement Management:** Oversaw procurement of spare parts and advance materials, ensuring availability for emergency requirements and uninterrupted project execution.
- **Vendor & Stakeholder Management:** Acted as Single Point of Contact (SPOC) for customers, government bodies (PWD, MSRDC, NHAI, Gram Panchayat, Police), and end-users. Negotiated with 50+ vendors to achieve cost reductions while maintaining quality standards.
- **Expense Oversight:** Reviewed and approved project expenses, ensuring adherence to budgetary constraints and company policies
- Managed internal coordination for issue escalation and ensured timely resolution of technical and operational tickets raised by field teams.

- Supported reporting and data extraction for performance monitoring and management review presentations.

Senior Service Engineer,

Nov 2017 – Mar 2019

Wipro Ltd. Franchisee – DHII Health Tech Private Ltd. Navi Mumbai.

Project - CIDCO Area Based CCTV Surveillance Smart city Project (Phase II)

- **Operations & Maintenance:** Supported operations and maintenance activities for Smart City surveillance systems including CCTV devices, Emergency Call Boxes, VMS boards, and network-connected infrastructure.
- **Technical Drawings:** Produced accurate 2D junction designs and project drawings using AutoCAD, ensuring compliance with technical standards and project specifications.
- **Client Engagement & Requirement Alignment:** Worked closely with clients to understand maintenance requirements, implemented corrective actions, and ensured smooth operations and customer satisfaction.

Project Engineer, Trafitek Solution Private Ltd. Thane Maharashtra

Nov 2016 – Nov 2017

- **Site Surveys & Design:** Conducted 30+ detailed site surveys for CCTV infrastructure across commercial and residential projects, mobilized on-site teams and prepared comprehensive technical reports and construction Power Point drawings.
- **Installation & Commissioning:** Supervised installation and commissioning of CCTV systems at 10+ sites, including Variable Message Signs (VMS) and Emergency Call Boxes, ensuring seamless functionality.
- **Technical Drawings:** Developed 30+ precise 2D AutoCAD drawings and sketches to support project scopes, ensuring compliance with technical specifications and quality standards.
- **Client Communication:** Engaged directly with clients to capture requirements, resolve technical queries, and coordinate with internal departments for timely execution.
- **Project Progress & Reporting:** Delivered regular progress updates to clients and stakeholders, minimizing delays and ensuring adherence to project schedules.

ACADEMIC QUALIFICATION

- B.E. in Mechanical Engineering from University of Pune in 2016 with 68.93%
- Diploma in Mechanical Engineering from MSBT Board in 2013 with 76.1%
- Apprenticeship I.T.I – Fitter from Larsen & Turbo in 2010 with 77.11%
- I.T.I – Fitter from New Delhi in 2009 with 68.14%
- SSC from Maharashtra Board in 2007 with 58.46%

AWARDS

- Awarded the outstanding performance 2025-26 from Polestar Consulting Private Limited in Jan 2026.
- Awarded the Best Innovation – “The Ace of Initiative” Award from WIPRO in year of 2022.
- Awarded the Performance Excellence award from Wipro in F. Y. 2018-19.
