rishikeshyadav.071998@gmail.com

Address: - Vill Mahuliya Khajuha, Post: - Barhalganj, Dist.: - Gorakhpur Pin Code- 273402

O&M And Project Professional Security/Automation/Electrical Seeking Challenge assignment across the industry.

PROFILE

- A competent Bachelor of Electrical Engineering professional with 5 years of experience in Project Management, Operations & Maintenance, Fault Monitoring, Customer Support, and Networking, with a strong focus on fiber optic infrastructure at Nava Raipur Atal Nagar Smart City Limited and Adani Power Plant, Raipur
- Certified in Genetec Security Center Omnicast™ Technical (SC-OTC-001) Proficient in installation, configuration, user management, video archiving, alarms/events, troubleshooting and licensing
- Skilled in the installation, commissioning, and integration of Intelligent Traffic Management Systems (ITMS), ANPR, and Smart Surveillance Systems.
- Proficient in managing installation, configuration, and commissioning of projects along with handling Vendor Development, Cost Estimation, O&M of business-critical systems & systems designing
- Experienced in Video Management Systems (VMS), with hands-on knowledge of Genetec Security Desk (Omnicast) for system configuration, monitoring, and alarm management.
- Knowledgeable in Access Control Systems (ACS), including configuration, monitoring, and maintenance
- An effective communicator with excellent relationship management skills and strong analytical, problem-solving, and organizational abilities; adaptable and detail-oriented
- Skilled in the implementation of planned, preventive, and predictive maintenance practices to optimize equipment availability and ensure minimal downtime.

CORE COMPETENCIS:

- Operations & Maintenance
- Project Planning & Execution
- Genetec VMS (Omnicast) Configuration & Monitoring
- CCTV & Smart Surveillance Systems
- Troubleshooting
- Intelligent Traffic Management Systems (ITMS)
- Access Control Systems (ACS)
- Fiber Optic Network Planning & Splicing
- Electrical & Civil Work Supervision
- Vendor & Client Coordination
- Site Survey & Documentation
- Customer Relationship Management
- Cisco Prime Infra

PROFESSIONAL EXPERIENCE

Esec Security Consultants Pvt.Ltd

Location-Adani Power Limited, Raipur,(CG)

System Engineer

(1st OCT 2024 TO Till Date)

- **Access Control System:** Install, configure, and integrate Face Recognition Time Attendance Systems (FRS).
 1. Operate and monitor Boom Barriers (vehicle barriers integrated with HID card readers, RFID card readers, wireless remotes, push buttons, and the FRS system).
 2. Operate and maintain pedestrian barriers, such as Full-Height Turnstiles (FHT) integrated with the FRS system
 3. Manage doors with access control systems integrated with EM locks, HID card readers, break glass units (BGUs), and controllers such as MR52 and LP1501
 4. Integrate and configure LP1501 and MR52 access control panels.
 5. Use Genetec Security Center Synergis software for advanced access control configuration, monitoring, and management, including implementing analytics, configuring alarms, managing maps with Map Manager, creating dashboards, generating reports, and applying anti-pass back and people-counting features
- **Smart Surveillance System (CCTV):** Operate and maintain CCTV systems with PTZ, bullet, dome, fisheye, and AI cameras
 1. Use Genetec Omnicast VMS for monitoring, configuration, and maintenance
 2. Implement video analytics: intrusion detection, privacy protection, motion detection, people counting
 3. Manage Genetec Security Center features: Map Manager, camera-door integration, alarm monitoring, Sipelia Panic Buttons, IP speakers, automated reports, email alerts, Badge Designer, camera sequences, federation of directories, HID controller integration, configuration tools, unit replacement, global cardholder sync, visual tracing, Quick Search, dashboards, Kiwi Vision, Forensic Search, workstation management, and Threat Level Module.

Technosys Integrated Solution Pvt.Ltd

Location-New Raipur Atal Nagar Smart City Corporation Limited

Project Engineer

(17th Aug 2023-30th Sep-2024)

- **ITMS (Intelligent Traffic Management System):** Implemented and maintained ITMS solutions for smart city projects, covering setup and configuration of advanced surveillance devices including ANPR cameras, Red Light Violation Detection, and Speed Detection systems
 1. Deployed and integrated ANPR systems for automatic vehicle number plate recognition to support traffic rule enforcement and stolen vehicle tracking
 2. Installed, configured, and integrated edge devices, IP cameras, sensors, and network infrastructure for city-wide traffic monitoring and control
 3. Managed video analytics for traffic violation detection, vehicle counting, traffic pattern analysis, and flow optimization.
 4. Monitored live feeds and dashboards, ensuring accurate data capture and generating automated reports for enforcement and traffic planning.

5. Provided technical support for troubleshooting, system optimization, and periodic upgrades. Ensured high system availability, data integrity, and adherence to municipal smart city and security standards & Coordinates with vender
-

Katyayani Telecom Service Pvt.Ltd

Location-New Raipur (CG)

Technical Executive

(1st Sep 2020-10th Aug 2023)

- Conducted project location surveys.
 - Mapped power and Fiber cable routes for efficient infrastructure deployment.
 - Supervised Fiber cable laying, including tubing, ducting, and splicing activities.
 - Familiar with OTDR reports, SFP power checks, and Fiber loss measurements.
 - Performed Fiber splicing and ensured quality of terminations and connections
 - Prepared joint inspection reports, data sheets, test reports, and compliance reports.
 - Verified data sheets as per tender requirements and project specifications.
 - Reviewed system designs to ensure compliance with standards and quality benchmarks.
 - Prepared detailed project data sheets for documentation and reporting.
 - Monitored electrical and civil work execution to ensure quality and safety compliance.
 - Prepared joint inspection reports, data sheets, test reports, and compliance reports.
 - Verified data sheets as per tender requirements and project specifications
 - Reviewed system designs to ensure compliance with standards and quality benchmarks
 - Prepared detailed project data sheets for documentation and reporting.

EADUCATION

Rungta College of Engg &Tech,Bhilai

Swami Vivekanand Technical University,Durg (C.G)

B.Tech(Electrical Engineering)

(2016-2020) **Percentage-** 65%

Open Schooling

National Institute of Open Schooling

12th (Mathematics)

(2015) **Percentage-** 77%

St.Xaviers's High School

Central Board of Secondary Education

10th

(2013) **Percentage-** 60%

TRAINING

- ❖ Two month Industrial Training from CSPDCL, Raipur (C.G.) I have learned Substation Operation and maintenance, Electrical Distribution Network & City Division operation.

CERTIFICATION

- ✓ Solar power System From **NIELIT, Calicut**
- ✓ Genetec Security Center Omnicast Technical Certification (SC-OTC-001)
