PROFESSIONAL SUMMARY

Telecom Project with **12+ years of experience** delivering large-scale telecom infrastructure projects across **OFC, RFMS, FTTx, GPON, Core Network, Telecom Rooms and NOC Operations**. Proven expertise in **end-to-end project lifecycle management, multi-vendor coordination, cost control, SLA governance and network operations**. Strong track record of executing mission-critical networks with high availability, regulatory compliance and zero major SLA breaches.

CORE COMPETENCIES

- End-to-End Telecom Project Management
- RFMS (Remote Fiber Monitoring System) Deployment
- OFC / FTTx / GPON Network Rollout
- Telecom Room & NOC Room, CCTV monitor
- NOC Operations & Network Monitoring
- Vendor, OEM & Contractor Management
- Project Planning, Budgeting & P&L
- SLA, KPI, Risk & Quality Management
- Safety, Regulatory & Compliance Management

PROFESSIONAL EXPERIENCE

Dinesh Chandra R Agrawal Infracon Pvt. Ltd., Gurugram

Deputy Manager – Telecom/IT | Feb 2023 – Present

- Managing end-to-end execution of telecom infrastructure projects including OFC, RFMS and core network components.
- Planning and commissioning Telecom Rooms covering rack layout, power, grounding, cooling and physical security standards.
- Leading switch installation, integration, CCTV, testing and handover in coordination with NOC and OEM teams.
- Overseeing RFMS deployment for real-time fiber monitoring, fault detection and localization.
- Acting as single point of contact between clients, NOC, OEMs, field teams and subcontractors.
- Managing project schedules, work packages, budgets, cash flow and profitability (P&L).
- Tracking KPIs, milestones, risks and escalations, ensuring timely mitigation.
- Delivering regular MIS, progress, risk and executive reports.
- Coordinating with stakeholders including NHLML, IBI and senior client leadership.

Feedback Infra Pvt. Ltd., Chhattisgarh

Assistant Manager – Telecom Projects | Feb 2019 – Feb 2023

- Led end-to-end execution of OFC and backbone telecom projects across multiple districts.
- Managed engineers and contractors, ensuring productivity, quality and safety compliance.
- Supervised installation of telecom racks, switches, power systems and passive infrastructure.
- Executed acceptance testing for both active and passive network elements.
- Designed and implemented fiber connectivity for 6,000+ Gram Panchayats.
- Maintained operational integrity of 12,000+ km OFC network.
- Coordinated with key stakeholders including ChiPS, PwC and Grant Thornton.
- Used data-driven analysis to improve execution speed and reduce downtime.

- Maintained and updated records related to the OFC works being performed conduct inspections of vendors warehouse and inspected the quality of equipment and material being used for OFC implementation.

Reliance Jio Infocomm Ltd., Madhya Pradesh

Assistant Manager (JC Construction Engineer) | Dec 2016 – Feb 2019

- Managed FTTx and GPON network design, rollout and commissioning.
- End to End Design for FTTx Network Design and Ensured implementation of Design at JC.
- Completed FSA with Proper Guideline and Monitored daily progress of Work and Schedule.
- Installed and commissioned active network equipment, switches and optical systems.
- Worked closely with NOC teams for alarms, performance monitoring and issue resolution.
- Ensured adherence to safety, environmental and regulatory standards.
- Prepared weekly progress reports and trained contractors and DBP manpower.

Projects & Real Estate Officer | Jan 2016 – Dec 2016

- Planned and executed OFC and core telecom projects with government authorities.
- Installed and tested optical transmission systems (XDM 300).
- Supported switching and transmission equipment deployment.
- Focused on cost optimization, manpower planning and SLA compliance.

Himachal Futuristic Communication Ltd. (Aapt outsourcing solution Pvt. Ltd.)

Fiber Execution Engineer | May 2013 – Jan 2016

- Executed 600+ km NLD routes and 20+ km intracity OFC projects.
- Managed trenching, ducting, cable blowing, jointing and route surveys.
- Prepared as-built drawings, OSP documentation and measurement sheets.
- Used GIS, PNI and AutoCAD for network planning and design.

EDUCATION

Bachelor of Engineering (Information Technology)

Lakshmi Narain College of Technology & Science, Bhopal | 2006 – 2010

Score: 73.53%

CERTIFICATIONS & TOOLS

- MS Project (Project Planning & Tracking)
- Power BI (Beginner)
- FTTx Construction
- AutoCAD, GIS
- FTTx Network Security

TECHNICAL SKILLS

- RFMS, OFC, FTTx, GPON
- Optical Switches
- NOC Monitoring & Escalation
- LAN/WAN Networking
- MS Project, Power BI, Excel
- AutoCAD, GIS

CAREER HIGHLIGHTS

- Delivered multi-state telecom projects with zero major SLA breaches.
- Successfully managed large-scale fiber and core network deployments.
