PROFILE SUMMARY

- Committed, goal-driven professional offering chronicled success of over 16+ years of rich experience in setting up, managing operations and turning around the performance across all levels of business, operations & SCM, with in-depth sensitization to the challenges of growth across customer service domain
- Spearheaded the entire gamut of IT/Telecom/E Surveillance/Security Business Operations/Business development, ensured 100% accurate billing and collection of the Payments across all the Retail/ Banking Customers.
- Successfully accomplished Telecom, E Surveillance Banking & Retails Projects and completed the rollouts of:
 - 10000 branches /ATM for SBI/Axis/ICICI /TMBL/ AU Bank/BOI/BOB/FED/Dhan axmi/ UBI/ Indian Bank/ Deutsche Bank /SCB Bank/Cosmos Bank/PNB Bank/Augment
 - 1000 branches for Retails/ Factories (Dominos, Macdonald, BCL, Agarwal Packer Mover, Delhivery, Ecom Express/ Patanjali
- Showcased excellent people management skills by leading a team of 150 Team members (In House) 100 Team Members (Outsource) including Project Execution, AM/TM/ZM/BDM, Project Coordinators, Cluster Leads & Field Support Engineers.
- Possesses interpersonal, analytical & negotiation skills, Building Strategic Relation Ship with a capability to utilize process-oriented approach towards the accomplishment of service and organizational goals.
Cross Selling, Upselling & new customer approach for new business

ORGANISATIONAL EXPERIENCE

Currently Working with "Securens System Pvt LTD. as Asst. General Manager Located in Jaipur" From 15 th Jan 2015.- present.

- Heading Project deployment, Project Monitoring and Control & Project Logistics team, Vendor Management.
- Provide on-site leadership for project team by building and motivating team members to meet project goals, adhering to their responsibilities and project milestones
- Manage all aspects of projects to ensure the overall program is aligned to and directly supports the achievement of strategic objectives
- Procure adequate resources to achieve project objectives in planned timeframes
- Scheduling architectural meetings to review different environments within the organization
- Observing systematic engagement between end-users and the remote support deployment engineers performing these upgrades through proper planning and scheduling
- Transforming the Service delivery operations for quick Turnaround Times (TAT) by creating Job Ai Documentation for client service engineers and system administrators
- Implementing Problem Management initiatives for a valid and improved Root Cause Analysis (RCA) review
- Analyzing the tasks assigned and ensuring the timely completion of project by making optimal utilization of resources in a cost effective way
- Preparing and presenting the progress reports regarding project milestones, deliverable, dependencies, risks and issues, communicating across Management and key stakeholders
- Developing and managing all aspects of project and program engagement right from planning, external vendor relationships, communications, resources, change, risks and issues
- Monitor staff performance and complete performance reviews
- Oversee asset deliveries across north zone and additionally charge of East zone which includes documentation, timely dispatches, delivery tracking and timely delivery
- Conducting fortnightly review with all vendors to measure vendor performance as per the SLA

Worked as "as SR Radio Network Planner and optimization- Reliance infocom LTD. Mumbai From 10 May, 2012 to 30th Dec, 2014

Roles and Responsibilities: - SR Radio Network Planner and optimization-

Posts launch performance management on Cell level as part of Managed Services contract for 6 contractual KPIs.

- Monitoring KPIs Accessibility (RRC Success, RAB Success), Retainability (Call Drop), Mobility (Intra HO, IRAT), and Integrity (UL & DL throughput) of 3G N/w and improving worst cells.
- Identifying capacity issues like IUB Congestion ,Code Congestion, Power Congestion Congestion,XPU and DPU load by monitoring the counters daily ,weekly and Monthly and also providing solution and support to solve the capacity issues
- Also Solved Capacity Issues in 3G network by changing the related parameters after discussing with customer and also monitoring the performance after changing the parameters to ensure good performance.
- Counter analysis using OSS and analysis of Statistics of RNC for PS and CS Busy hour and Daily KPI.
- Experience in using M2000 as daily part of optimization)
- Presenting the Weekly report to the MSIP and discussing the network performance issues and working together to improve the network performance.

- Parameter audit every month.
 - 3G drive , Analysis of drive test data, identify weak coverage/quality areas, call related issues (CS/PS setup time, Pilot pollution , interference Ec/Io , missing neighbor, call drops, RAB establishment issues, less throughput),
 - Handling optimization of new sites and handled problems like RAB Speech drop, interference, IRAT handover failure, handover reversion, in-building problem, antenna tilting, competitive Drive Test.
 - Optimizing RF Related Parameters such as Neighbor list, IRAT Relation (3G to 3G, 3G to 2G and 2G to 3G), Antenna E Tilt, SC(Scrambling Code) and change other parameter values such as RSCP and Ec/No. By adding and deleting Neighbors for reduce Pilot Pollution, interference, addition of missing Neighbors & SC changes in order to enhance main routes performance.
- Responsible for call drop reduction, RRC connection & RAB established success rate, IRAT handover and soft handover improve

Worked as “as Radio Network Planner and optimization- Nokia Siemens Networks pvt Ltd, Bangalore
From 15 August 2010 to 30th April 2012

Roles and Responsibilities: - Radio Network Planner and optimization-

- Responsible to Optimize the LTE TDD Network for improving RSRP, RSRQ, DL/UL Throughput (UDP&TCP), RSSI, SINR, ICIC, Modulation, and removing swap of the site.
- Solving RF problems and optimization of network according to coverage and capacity requirement.
- Verify network performance factors like site locations, antenna heights, azimuths, antenna tilts, interference etc.
- LTE Network Optimization and Neighbor addition deletion.
- SCFT, Optimization and Cluster drive Report Preparation.
- KPI Monitoring, Troubleshooting & Management.
- Pre-Launch Tuning & Optimization to meet KPI Requirements.
- Responsible for analysis of sites (Single Site Verification).

IT SKILLS

- Having basis knowledge of networking & router.
- Working knowledge over Excel, Power point & word.
- Having good knowledge about CCTV, Intrusion alarm & CMS system.
- Having knowledge about all kind of sensors like: Smoke detector, Motion, Energy meter, Access control etc.
- Knowledge of ERP operations.

AWARDS

- Best North Operation Head for the year 2015-16.
- Appreciation received from ICICI – Zonal Security Manager& Reginal Head for improving The North Services
- Appreciation from PNB for providing good services.
- Appreciation received from MD/ CEO, Securens Systems. 1000 Sites + deployment in a Month.

HOBBIES

- Photography
- Playing Cricket
- Running
- **Industrial Training** : BHARAT SANCHAR NIGAM LIMITED AGRA. , NTPC Dadri.

Personal Details

Father's name : **Mr.K.G.S CHAUHAN**
Date of birth : 22 MAY 1989
Marital Status : Married
Nationality : Indian
